69 East 4th Street
New York, New York

Dear M.C.:

Sorry to hear of your illness. The address of the Blue Cross in Asheville is the Flat Iron Building. All our enrollments are made through that office. However, I believe all records are kept at the home office at the address of the Hospital Savings Association in Chapel Hill, North Carolina. I believe you will get an answer faster from that office.

When I entered the Treasurer's office, there were already charges on the books of splitting the Levi family insurance by Bill paying two-thirds and you one-third. Upon questioning this procedure, I was told you wished to retain it this way because it is much more inexpensive by remaining with this group and that you would notify us when you it changed. We have been doing this for many of the Faculty who have left. So I have followed this practice adding to the amounts a compulsory increase for all policies which started last December. If this procedure is not correct with your understanding, we had better change it immediately according to your wishes. Bill has been invoiced for his part of the insurance.

To make sure you have all the information I'll give you the certificate number and type again. Certificate number 337051, type 5GC2 which is listed under Albert W. Levi and is a family plan with, I believe, quite a surgical coverage.

I believe this is all the information you will need. Let me know how it turns out and if you want a change in procedure. Take care of yourself, I look forward to your coming back.
